

BEER EQUIPMENT DESCRIPTION

Concept includes :

- 1 220 V air condenser chiller : L 310 x W 380 x H 395 mm

- 1 box for stocking of technical parts : L 780 x W 650 x H 380 mm.

- 1 drain tank L 380 x W 240 x H 130 mm

The chiller is integrated in the technical box on passenger side. A panel hides the material from the outside.

At the back of the Smart, the serving of draught is made above a drain tray connected to a tank.

The chiller can be connected either on an fixed electrical source or on an optional generator of 1kW.

A folding shelf at the back makes office of the bar and is fitted on the two anchorages designed to support a bike or ski rack.
